

The countdown to one of the largest private services and hire shows in Europe is on, and with limited places available, businesses are being encouraged to register free of charge to secure their place.

The Speedy Integrated Services Show, which takes place on Tuesday 25th and Wednesday 26th March at the International Centre in Telford, has been extended to two days, and more than 200 suppliers and partners will be showcasing the very latest product and service innovations on the market.

The Gadget Show's Pollyanna Woodward will play host on the live demonstration stage and Microsoft will be delivering technology-focused breakout sessions over the two-day event.

The Speedy Out Of Hours Response team will be on hand to talk about the benefits of its 24/7 response service and there will be an introduction to My Speedy, which allows customers to produce free, bespoke 'Management Information Reports' that will save time and money.

Attendees can take advantage of a free fuel consultation to see how their company can save money and reduce their carbon footprint by up to 88 per cent.

Information on Speedy's 200 safety and skills courses will be available, including the award winning 'Safety From The Ground Up' programme, which gives customers access to free training resources including toolbox talks.

There will also be an area dedicated to Speedy's celebrated sustainability programme - One Plan- a strategy developed to help Speedy and its customers operate more effectively and efficiently.

Mark Rogerson MBE, Chief Executive Officer at Speedy, said: “The Speedy Integrated Services Show has become a regular feature in the diaries of the industry’s leading companies and suppliers.

“It is the perfect place to network with industry colleagues and discover new and exciting innovations to help people work safer, faster, leaner and greener.

“The team is very much looking forward to welcoming everyone to the International Centre at Telford for a true celebration of the industry and its achievements.”
